### Pricing Discounts

Discount pricing is based strictly on the total quantities ordered — within each product family (either Safety Gates or Grating Penetration Collars or CableSafe Safety Hooks).

Any combination of Safety Gate styles, sizes or swing directions may be ordered to receive the discount.

All size boxes of Grating Penetration Collar pairs, extenders, or link pieces may be combined to make the total order reach a particular discount level for Collars.

Likewise, all boxes of CableSafe Safety Hooks purchased may be combined to reach one of the Hook discount levels.

NOTE: All prices in this brochure are shown in U.S. dollars (USD). Prices do not include shipping, handling, duties or taxes.

## How To Determine Proper Sizes To Order

### Safety Gates – Size of Opening Covered

Gates are available in four standard sizes: 22", 27", 32" and 37". For angle iron guardrail, measure the opening between the handrails. The gate size should be equal to or greater than the opening. This will insure that when the gate is closed, it will contact the vertical post of the opposite guardrail. Thus, if the opening is 25", a 27" gate would be needed.

For pipe guardrail, we offer an easy-to-install Bracket Kit for either 1 1/2" or 2" pipe. Otherwise, you can weld or attach flat plates to the guardrail as shown in several pictures in the literature and on our web site, and then simply order the next larger size gate.

### Safety Gates – Swing Direction

Left or right handed opening direction is determined from the viewpoint of someone stepping off of the ladder and onto the platform. In this situation the blade of the gate always **swings away**. If the position of the hinge is needed on the right, the blade would swing away to the right, and a right hand gate would need to be ordered.

### Grating Penetration Collars – Sizes Available

Collars are available in three standard round sizes designated by their inside diameters (ID) – 6", 10", and 14". The size needed should be based upon **what the finished overall diameter will be for the pipe encircled (including any amount of insulation thickness)**. These three sizes can be used for finishing all small penetrations up to 14" diameter that are normally field cut during new construction and plant revision work.

For added versatility, there is also a 6" long, straight extender piece (GPC-X) available that can be used in between the curved pieces to allow enclosing of non-circular and multiple pipe penetrations.

The GPC link pieces (GPC-L) may be used to encircle larger size pipes or even large irregularly shaped areas. Since they are designed to link each one to the next one, as many pieces as are needed may be used.

## Terms & Conditions

**Ordering** – It is easy to order from us. Whether by fax, mail, or e-mail, your order will be handled quickly and efficiently. You can even order online from our website. No minimum quantities are required.

**Sales Tax** – All shipments within Texas will be taxed at our Deer Park, Texas, tax rate of 7.75%. Tax is based on the total cost of the merchandise plus shipping and handling charges. A resale or tax exemption certificate may be presented in lieu of these charges. No out-of-state tax will be collected.

**Payment Terms** – We accept payment by cash, check, credit card (VISA or MasterCard), ACH, EDI, or wire transfer. Credit terms may be applied for after your first two (2) cash purchases. Various payment terms are offered as a privilege to our customers. Failure to comply with these terms, though, may result in termination of the credit privilege. **All international orders must be paid in full before shipping.**

**Shipping Policy** – For your convenience and ours, we try to ship orders as soon as possible. All U.S. orders are FOB shipping point. Shipping charges are prepaid and added. Unless otherwise specified, the shipment is insured for the total invoice value. Any discrepancies in the order must be reported within 15 days of receipt. **All international orders are shipped Ex Works.**

**Damaged Shipments** – Buyer should inspect all items for damages upon arrival. If damage has occurred, buyer should make note on the freight bill and immediately call us. Although our responsibility for loss and damage ceases when the carrier accepts the products for shipment, we will file a claim for you and, if necessary, ship an immediate replacement.

**Return Policy** – While we do not allow returns for credit, exchanges are accepted. BEFORE returning the merchandise, contact our Customer Service Dept. @ 281-479-8301 for a Return Authorization (RA) number. This RA number must be marked on all boxes. Returns must be shipped prepaid, unused and in resalable condition. They are subject to our inspection before the exchange can be executed. All exchange items are subject to a restocking fee per item. No custom-made product can be returned.

**Warranty** – All products are warranted to be free from defects in material and workmanship under normal use and service. Warranty remedies shall be limited solely to repair, replacement, credit or refund, at Intrepid Industries option. This warranty extends to the original buyer only.
